

## **arts-X-press Theater Instructor**

### **Position Summary**

The arts-X-press Theater Instructor is a vital member of our summer arts program faculty, teaching two visual art workshops to middle school students of diverse abilities in a classroom. Arts workshops are comprised of up to ten middle school students and two high school/college age helpers/mentors. We have a morning and afternoon arts workshop; each is two hours, comprised of a different group of students and counselors and can include the same content. The purpose of our arts workshops is to encourage creative risk-taking and growth in the art form, foster teamwork between students and teach basic techniques they may not encounter in a school classroom.

**All arts-X-press instructors reside on campus for the duration of their six-day session and take part in excursions and workshops in addition to classroom instruction on four of the six days.** This position requires the instructor be both a teacher and a member of our community. More information about the program can be found at [www.pacificsymphony.org/arts-x-press](http://www.pacificsymphony.org/arts-x-press).

### **Essential Functions**

All arts-X-press instructors:

- 1. Are responsible for creating and directing all workshop activities and/or class time.**  
Instructors are encouraged to create their own plan for using class time. Some students in the class will have a great deal of experience in their art form. Some students will have had no formal training at all in the art form. The most effective instructors have created activities where all students could participate, feel involved and learn about the art form regardless of skill level. Each instructor will have at least two counselor helpers/participants during the workshop time. The focus of arts-X-press is on the creative process. Instruction in the arts workshop (eight hours total for each workshop) will culminate in a seven-minute student presentation the last evening of the program.
- 2. Live on-site at Concordia University during the program and assist in all aspects of the program** including mentoring and supervising students and counselors and chaperoning on and off-campus performances, workshops and group activities. Staff arrive on Sunday afternoon and depart on Friday afternoon.

### **Other Functions**

1. Participate in all activities, workshops and excursions.
2. Enforce and abide by safety and rules.
3. Live in the dorms with students and counselors as a program chaperone. (Staff live in a suite without students and have their own bathroom within that suite.)

5. Work arrival and departure on the first and last day of the program.
