Program and Membership Intern

ACSO's mission is to provide essential leadership and resources to classical music producers and presenters and encourage and support their artistic, organizational, and fiscal development. ACSO is the largest state orchestra association in the U.S. and offers its members a variety of signature programs, resources, and advocacy tools.

The program and membership intern will help execute virtual professional development programs for ACSO's members, including the 2021 Annual Conference Online (Aug 2-13), webinars, peer forums, workshops, networking events, and other creative virtual programming formats.

The intern will also help prepare and manage the fall 2021 membership renewal campaign, which takes place from August through December, by providing assistance and support to ACSO's members who are made up of orchestras, festivals, choruses, businesses, and individuals. Other day-to-day activities will include responding to email and phone inquiries from members, assisting with creating digital communication pieces and website content for ACSO members, and other administrative duties as assigned.

The intern will have the opportunity to learn about the role of arts associations in supporting the larger arts community and will learn about how orchestras managers are navigating through challenges and new opportunities to continue to serve and bring music to their communities.
